

JLG MICRO SCISSOR LIFT ES1530L

**Reach indoor working heights
of up to 6.57 metres safely
and efficiently...**

Lightweight. Efficient. Compact.

Versatile: suitable for indoor work on sensitive flooring, as well as for outdoor (wind rated) applications.

Easily Manoeuvrable: compact and lightweight with zero turning radius for work in tight spaces.

Increase Productivity: electric drive with reduced hydraulic fittings for increased up-time, fewer leaks and service calls.

Improve Safety: only authorised users can operate the machine. Supports safe work at inclines of up to 3%. Complies with EN 280 specifications.
